1. THE INTERNATIONAL BARENTS SECRETARIAT

1.1. INTRODUCTION
Welcome to the International Barents Secretariat (IBS) in Kirkenes, Norway. We hope that this introduction and other information given in this Handbook will be of use to you during your internship.

1.2. PURPOSE AND TASKS OF THE SECRETARIAT
The Agreement on the Establishment of the International Barents Secretariat was signed at the 11th BEAC Ministerial session in Rovaniemi on 15 November 2007 in order to make the Barents cooperation more coherent and efficient. The purpose of the Secretariat is to provide administrative, informational and technical support for the multilaterally coordinated activities within the framework of the Barents Euro-Arctic Council and the Barents Regional Council and to serve thus both the governmental and regional levels of the Barents cooperation. One of the tasks of the Secretariat is to ensure the continuity of operational work of the Barents structures where the governmental and regional chairmanships are rotating biennially.

Detailed description of the organization and tasks of the Barents cooperation can be found on the website https://www.barents-council.org/.

The IBS has three permanent staff members and one additional seconded staff member. A list of the members of the staff, their responsibilities and their contact information is available on the abovementioned web site.

All interns should be familiar with the founding documents of the Secretariat, which can be found on this web page: https://www.barents-council.org/about-us/international-barents-secretariat/ibs-founding-documents

At the end of the internship period, it is expected that the interns will have acquired good knowledge of the actors, political and technical structures and cooperating partners in the Barents Euro-Arctic Region.
