МЕЖДУНАРОДНЫЙ
АРКТИЧЕСКИЙ ФОРУМ
АРХАНГЕЛЬСК • РОССИЯ • 2017

March 29 – 30, 2017

Арктика — территория здоровья

Вопросы для обсуждения:

- Как мотивировать население арктических регионов вести здоровый образ жизни и кто за это в ответе?
- Что делает бизнес для сохранения здоровья своих работников?
- Каковы приоритеты развития здравоохранения в арктических регионах России на ближайшие годы?
- Как привлечь медицинские кадры для работы в приполярных территориях?
- Как скоординировать работу общегражданской, военной и ведомственной медицины?
- Что может дать информационная революция здравоохранению в труднодоступных районах?

The Arctic: Territory of Health

Issues for discussion:

- How can the population of the Arctic regions be motivated to pursue a healthy lifestyle, and who should be assigned the responsibility of doing so?
- What is business doing to look after the health of its workers?
- What are the priorities for healthcare development in Russia's Arctic regions in the coming years?
- How can medical staff be attracted to work in sub-polar regions?
- How can the work of public, military and corporate medical services be coordinated?
- What factors could help initiate an information revolution for healthcare in remote districts?
