Difficulty to implement and follow up on projects	6
Lack continuity	5
Political conflict	5
Lack cooperation with other WGs	5
Problems with communication	4
Lack administrative support	3
Lack leadership	2
Transport to and from meetings	2
Problematic decision-making	1
Visa issues	1

Table 3: Problems reported and the number of individual respondents who have reported it.

# COMMUNICATION PROJECT

- Study of BEAC working groups
- Information platform
- Communication strategy

# COMMUNICATION

1. How do you think that communication currently functions *within* the working group?
2. How do you think that communication with other working groups currently functions?
3. How can communication be improved?

# COOPERATION

1. How do you think that cooperation currently functions *within* the working group?
2. How do you think that cooperation with other working groups currently functions?
3. How can cooperation be improved?

# PARTICIPATION

1. Do you think that the level of participation in the working group is sufficient?
2. Are there any obstacles to participation in the group meetings and the continuous work?
3. How can participation in the working group be improved?

# MANDATE

1. Do you think that the working group has a clear and accessible mandate?
2. Do you think that the current mandate serves the purpose of the working group and enables it to serve its goals?
3. Is there anything you think should be changed or updated in the current mandate?

# Thank you!
