# Border Crossings in 2020

**During the year 2020 the border crossings had a notable drop compared to previous years due to Covid-19 pandemic related travel restrictions introduced in March both on Schengen external and internal borders in the Barents region.**

**The Finnish-Russian border crossings dropped in 2020 by 78% compared to 2019 (from appr. 9 M to 2 M). At Niirala-Vyartsilya the drop was “only” 71% (323 th).**

**At Storskog-Borisoglebsk the amount was appr. 61 th. whereas in 2019 it was 266 thousand crossings (↘77%).**
