Per ANGELSTAM, Marine ELBAKIDZE, Skinnskatteberg (Sweden)
- 11.30-11.45** Old-growth forests in the Archangelsk region, situated outside large intact forest landscapes: results of mapping, conservation value.  
Denis DOBRYNIN, Archangelsk (Russia)
- 11.45-12.00** Conservation of virgin forestlands at the borders of Komi Republic, Archangelsk and Kirov regions.  
Yuri PAUTOV, Przemyslawa MAJEWSKI, Aleksandr MARIEV, Syktyvkar (Russia), Andrey SHEGOLEV, Archangelsk (Russia)
- 12.00-12.15** To the problems of forest use.  
TSVETKOV Vassily, Archangelsk (Russia)

- 12.15-12.30** Dynamics and productivity of mixed and composite pine stands in the North.  
Sergey TRETAKOV, Archangelsk (Russia)
- 12.30-12.45** Collection of Dendrological Garden of “SevNIILH” (Northern Research Institute of Forestry) for preserving biological diversity of woody plants in the European North.  
Natalya DEMIDOVA, Nadezhda KONDRATIEVA,  
Archangelsk (Russia)
- 12.45-13.00** Reasons of forests die-back drying in the interfluvial area between the Northern Dvina and the Pinega rivers.  
Elena SURINA, Archangelsk (Russia)
- 13.00-13.15** Indicator species of aphylophoroid macromycetes of the old-growth forests in the North-West Russia.  
O.N. EZHOV, Archangelsk (Russia)
- 13.15-14.00** Discussion. Free microphone. Session summing up.

**13.30-14.00**

### **Poster presentations**

*Consecutive interpreting, English-Russian, Russian-English.*

On the control of habitat conservation.  
Viktor MAMONTOV, Valery EFIMOV, Archangelsk (Russia)

Changes in environmental conditions in natural stands after improvement cuttings.  
Darya TORBIK, Archangelsk (Russia)

Scientific significance and prospects for conservation of natural objects of the state network in the European Russian North.  
Elena NAKVASINA, Olga YUDINA, Archangelsk (Russia)

Analysis of leaf blade asymmetry of the weeping birch (*Betula Pendula Roth.*) as an index of stable development in the conditions of northern and mid-taiga sub-zones.  
Irina AMOSOVA, Archangelsk (Russia)

Analysis of defectiveness of birch stems in the growing stock of the northern taiga sub-zone.  
Sergey DEMIDENKO, Oleg EZHOV, Archangelsk (Russia)

Prospects for CropCam pilot-less plane application in forestry.  
Elena POLYAKOVA, Archangelsk (Russia)

On the necessity of the flying squirrel (*Pteromys Volans L.*) habitat conservation on the dwelling territories  
Evgeny ZADIRAKA, Elena KULEBYAKINA, Petrozavodsk (Russia),  
Yuri KURHINEN, Helsinki (Finland), Evgeniya MURAVSKAYA,  
Petrozavodsk (Russia)

Rare species of vascular plants and their protection on the territory of Archangelsk region.  
Elena RAI, Natalya BUROVA, Lyudmila PUCHNINA,  
Archangelsk (Russia)

Fund of herbarium collections of the Archangelsk region: development directions.  
Oleg EZHOV, Oksana SIDOROVA, Elena CHURAKOVA,  
Roman ERSHOV, Archangelsk (Russia)

Insects as communities indicator species in the Vologda Region.  
Yuliya BELOVA, Vologda (Russia)

**14.00-15.00** Lunch («Rossiyanka» cafe)

**15.00-16.15** **Group of BPAN working meeting**  
*(Separate hall)*

**15.00** **Session:**  
**THE BASIN OF PIOZA RIVER –**  
**A PERSPECTIVE OBJECT FOR**  
**INTERNATIONAL COOPERATION**  
**IN THE PROTECTION OF OLD GROVE**  
**FORESTS AND NATURE COMPLEXES**

*Simultaneous interpreting, English-Russian, Russian-English.*

*Moderators:*

**Valery EFIMOV (Russia)**  
**Olof Jakob SIIRENSEN (Norway)**

**15.00-15.15** International environmental expedition to pioza river basin in Archangelsk Region.  
Valery EFIMOV, Archangelsk (Russia)

- 15.15-15.30** The importance of habitat corridors in biodiversity management of forests based on experiences from surveys in the Yula and the Pjoza river basins 2009.  
Olof Jakob SIIIRENSEN, Erik AMUNDSEN,  
Maksim GALASHEVSKIY, Ilya PALKHANOV, Steinkjer (Norway),  
Vladimir NAUMOV, Archangelsk (Russia).
